

Hello Green Party Community,

I hope this message finds you all in good spirits and full of the energy that defines our collective spirit. As your President, it's been a privilege to witness the passion and dedication you bring to our cause. Our journey together, fueled by a shared commitment to protect our planet and ensure fairness for all, is both inspiring and essential. We find ourselves at a critical moment, facing environmental and societal challenges that demand our immediate attention. Climate change, the loss of biodiversity, pollution, and social inequalities are not just abstract issues; they are urgent crises that require us to act decisively for the sake of our planet and future generations.

The responsibility we carry for the next generations is profound. We are tasked with ensuring that the world we pass on is one we can be proud of. This means making bold decisions, embracing innovation, and committing to actions today that will lead to a sustainable and just future. For our party to truly lead the way, it's crucial that our governance reflects the diverse voices and aspirations of our members. I am deeply committed to ensuring that our party's direction and leadership echo what you stand for. After all, the strength of our party lies in our collective vision and actions.

The road ahead is undoubtedly filled with challenges, but it is also ripe with opportunities for meaningful change. With our shared commitment to a greener, fairer world, there's no limit to what we can accomplish together. Let's continue to engage in open dialogue, innovate, and take bold steps forward. It's by working together that we'll make the most significant impact. Here's to our continued journey, to the health of our planet, and to the bright future we're building together. As we move forward, I invite each of you to join me in doing the best work of our lives, together. It's in our hands to make a real difference, not just for us, but for generations to come. Let's seize this moment with both hands, filled with hope and determination.

In friendship,

Natalie Odd  
President, Green Party of Canada Federal Council
